To provide all the services that we do there is obviously a financial implication to the charity which needs covering and that can only be covered by events organised within, outside support from individuals and business sponsorship. It's an honour to think people want to help us with fundraising and even more of an honour to think a business wants to support our work so in return we promise to support all business sponsorship at the following levels.

- Your logo added to all future charity Vlogs
- Your logo on our supporters wall and welcome pack inside Phoebe's Lodge

- Your logo and online business links added to the dropbox of supporters on our website

Thank you to everyone at Phoebe's Lodge we had a very chilled weekend and had time as a family and it was nice to not have to think about hospital and school. George must have been relaxed because he wasn't as ill as he normally would be so thank you for that chance!

Just wanted to let you know what an amazing charity this is. The look on James' face was truly priceless. As a parent having to watch your own child go through such horrendous treatment with many tears is soul destroying, yet to see James forget all about his illness and just be a normal boy for the day is something that will stay with us forever, thank you.
